

EarthWay™

PRECISION GARDEN SEEDER

THE EASY WAY TO GARDEN SEEDING

Simple one step operation:

- Opens Soil
- Spaces and sows seeds
- Covers seeds
- Packs soil
- Marks next row

Takes the work out of sowing seeds. The six easy-to-change seed plates for Corn, Beans, Peas, Radish, Carrots and Beets also plants more than 15 other common vegetable seeds.

The adjustable ground opener drops the seed at desired depth. Seeds are covered, soil is packed and the next row is marked in one simple operation.

The Precision Garden Seeder is very easy to use—lightweight, easy to handle, and there is no maintenance problem. Super tough construction and corrosion resistant materials combine to give every seeder owner years of trouble free use.
